

# Dublin City University School of Computing ETHICS COMMITTEE (SEC)

# NOTIFICATION FORM FOR LOW-RISK PROJECTS AT UNDERGRADUATE OR TAUGHT MASTERS LEVELS

<u>Please read the following information carefully before completing your application. Failure to adhere to these guidelines will make your submission ineligible for review.</u>

- 1. Download this form, complete the appropriate fields, attach additional pages (e.g. plain language statement) as appropriate and save as a PDF file
- 2. Completed applications must be uploaded to your School of Computing GitLab repo, and must be located in "docs/ethics.pdf".
- 3. Your SUPERVISOR will then be notified automatically and must approve your approach initially.
- 4. Your application should consist of <u>one electronic file (PDF) only</u>. The completed application must include this form and also must incorporate all supplementary documentation, especially that being given to the proposed participants e.g consent forms, plain English language statement. It must be proofread and spell-checked before submission.
- 5. All sections of the application form must be answered as instructed and within the word limits given.
- 6. Your ethics approval submission will be circulated to the School's Research Ethics Committee and you will be notified if/when it is approved
- 7. All projects must have either a derogation from an ethics approval requirement (as determined by your supervisor) OR must have an approved ethics submission (this form), before work with human subjects commences.

Applications which do not adhere to these requirements will not be accepted for review and will require resubmission

Applications must be completed on this form; answers in the form of attachments will not be accepted, except where indicated. No hard copy applications will be accepted. The project <u>must not</u> commence work with human subjects until written approval has been received from the School of Computing Ethics Committee (SEC).

PROJECT TITLE	SmartCity
PROJECT SUPERVISOR(S)	Alistair Sutherland
TROUGH GOT ERRIGOR(G)	
START AND END DATE	23 <sup>rd</sup> September 2019 – 16 <sup>th</sup> May 2020

Please ensure that <u>all</u> supplementary information is included in your application (in one electronic copy). If questionnaire or interview questions are submitted in draft form, please indicate this by putting (draft) after YES. A copy of the final documentation must be submitted for final approval when available.

My application has been collated as one electronic file which includes the following documentation:	INCLUDED (mark as YES)	NOT APPLICABLE (mark as N/A)
Bibliography	YES	
Recruitment advertisement (How are you getting volunteers?)	YES	
Plain language statement/Information statement	YES	
Informed consent form	YES	
Personal Data Security Schedule <a href="https://www.dcu.ie/sites/default/files/info/3">https://www.dcu.ie/sites/default/files/info/3</a> . blank_data security schedule.xls	YES	
Evidence of external approvals related to the research	YES	
Questionnaire/Survey	YES (Draft)	
Interview/Focus Group Questions	YES (Draft)	
Debriefing material	YES	
Other (e.g. local government approval )		N/A

#### Please note:

- 1. Any amendments to the original approved proposal must receive prior SCEC approval.
- 2. As a condition of approval investigators are required to document and report immediately to SCEC any adverse events, any issues which might negatively impact on the conduct of the research and/or any complaint from a participant relating to their participation in the study

1.	ADMINISTRATIVE DETAILS		
	Project Type (select one): Undergraduate Project – Final Year	Yes	
	Undergraduate Project – non-final Year		
	Taught Masters (Practicum)		

(projects at other levels, e.g. PhD or research Masters, should be approved by the University's REC if necessary)

# 1.1 INVESTIGATOR CONTACT DETAILS

SUPERVISOR(S): Your supervisor and other academic staff who are assisting, it should be clear who is the person who is carrying out the research procedures.

NAME	SCHOOL/UNIT	EMAIL
Alistair Sutherland	DCU School of Computing	alistair.sutherland@dcu.ie

# STUDENT(S):

NAME	SCHOOL/UNIT	EMAIL
Conor Reilly	DCU School of Computing	
		conor.reilly54@mail.dcu.ie
Eoin Clayton	DCU School of Computing	
		Eoin.clayton2@mail.dcu.ie

#### **DECLARATION BY SUPERVISOR(S)**

The information contained herein is, to the best of my knowledge and belief, accurate. I have read the University's current research ethics guidelines, and accept responsibility for the conduct of the procedures set out in the attached application in accordance with the form guidelines, the SCEC guidelines (https://www.dcu.ie/researchsupport/researchethics.shtml), the University's policy on Conflict of Interest, Code of Good Research Practice and any other condition laid down by the Dublin City University Research Ethics Committee. I have attempted to identify all risks related to the research that may arise in conducting this research and acknowledge my obligations and the rights of the participants.

If there exists any affiliation or financial interest for researcher(s) in this research or its outcomes or any other circumstances which might represent a perceived, potential or actual conflict of interest this should be declared in accordance with Dublin City University policy on Conflicts of Interest.

I and my co-investigators or supporting staff have the appropriate qualifications, experience and facilities to conduct the research set out in the attached application and to deal with any emergencies and contingencies related to the research that may arise.

Electronic Signature(s):	
Supervisor(s):	
Print Name(s) here:	
Date:	

#### 2. PROJECT OUTLINE

#### 2.1 SIMPLE DESCRIPTION (Max. 300 words)

Please outline, in terms that any non-expert would understand, what your research project is about, including what participants will be required to do. Please explain any technical terms or discipline-specific phrases.

A user will be expected to use a mobile application and take photos of landmarks. They will then be expected to give answer a simple survey on their experience using that application.

#### 2.2 AIMS OF AND JUSTIFICATION FOR THE RESEARCH (Max. 400 words)

State the aims and significance of the project. Where relevant, state the specific hypothesis to be tested. Please provide a brief description of background research, a justification as to why this research project should proceed in that context and an explanation of any expected benefits to the community. NB – all references cited should be listed in an attached bibliography.

Our aim is to gain a better understanding of how users interact with our application and then give their feedback on areas that are important or unimportant to them. This is necessary to test how relevant the application is and how it can be improved

#### 2.3 DESCRIBE THE METHODOLOGY BEING USED TO ACHIEVE YOUR STATED AIMS

Provide an outline of the proposed method and state who is doing which task – include details of data collection techniques, the tasks participants will be asked to do, the estimated time commitment involved, and how data will be analysed. If the project includes any procedure which is beyond already established and accepted techniques please include a description of it. There should be enough detail provided to facilitate ethical review, but applicants are encouraged to keep it as succinct as possible.

The users will be asked to use a pre-downloaded mobile application and use the several features on the application. Once complete, they will answer a survey including several discrete and open ended questions on how their experience went.

#### 2.4 PARTICIPANT PROFILE

Provide the number, age range and source of participants. Please provide a justification of your proposed sample size. Please provide a justification for selecting a specific gender, age, or any other group if this is done in your project.

The expected number is to be 15 people, age ranging from 18-70 and we will be sourcing our participants from peer groups given the current circumstances with outside travel limitations.

#### 2.4(a) PARTICIPANT VULNERABILITY

Are some or all of participants vulnerable in any way? (e.g by virtue of the group they belong to, people who have undergone traumatic or adverse emotional events, people with diminished cognitive ability, power relations between researchers and participants etc.)? If they are, state what this vulnerability (or vulnerabilities) is and justify why this research is being done with such participants.

N/A			

#### 2.4(b) CHILD PARTICIPANTS (anyone under 18 years old)

If your participants include children, you must confirm that you are in compliance with the research specific guidelines as detailed in "Keeping Children Safe - Policies and Procedures supporting Child Protection at DCU" - available at: <a href="https://www4.dcu.ie/sites/default/files/policy/157%20-%20child-protection\_handbook\_rev1%282%29%281%29.pdf">https://www4.dcu.ie/sites/default/files/policy/157%20-%20child\_protection\_handbook\_rev1%282%29%281%29.pdf</a>

Please indicate your compliance with the following guidelines:	Mark here
We confirm that we have read and agree to act in accordance with the DCU Child	N/A
Protection policy and procedures	
We confirm that we have put in place safeguards for the children participating in the	N/A
research	
We confirm that we have supports in place for children who may disclose current or	N/A
historical abuse (whether or not this is the focus of the research)	

#### 2.5 EXPLAIN HOW PARTICIPANTS ARE TO BE RECRUITED

Please provide specific details as to how you will be recruiting participants. How will people be informed that you are doing this research? How will they be approached and asked if they are willing to participate? If you are mailing or phoning people, please explain how you have obtained their names and contact details. If a recruitment advertisement is to be used, please ensure you attach a copy to this application.

Given current circumstances regarding Covid-19 and travel limitations, we plan to recruit participants from our peers and their related family. We shall approach each user with a brief explanation video of what tasks they are expected to test and how they must record their results.

2.6 PLEASE EXPLAIN WHEN, HOW, WHERE, AND TO WHOM RESULTS WILL BE DISSEMINATED, INCLUDING WHETHER PARTICIPANTS WILL BE PROVIDED WITH ANY INFORMATION AS TO THE FINDINGS OR OUTCOMES OF THE PROJECT?

The tests are expected to take place from 5<sup>th</sup> May – 10<sup>th</sup> May 2020. They will be conducted over video call using Zoom platform as well as face to face where applicable. The results shall remain anonymous to any others than ourselves as project owners.

2.7	ARE OTHER APPROVALS REQUIRED TO GAIN ACCESS TO ANOTHER LOCATION, ORGANISATION
	ETC.? (e.g. a School or company)

YES or NO
NO

(If YES, please specify from whom and attach a copy of the approval documentation. If the

(If YES, please specify from whom	and attach a copy of	the approval documentation.	If this is not yet available	, please
explain when this will be obtained.)				

# 3. RISK AND RISK MANAGEMENT

#### 3.1 JUSTIFICATION OF STATED LEVEL OF RISK TO RESEARCH PARTICIPANTS

You must provide a justification for the stated level of risk, as indicated on the cover page of your application. Note that the level of risk may be influenced by the vulnerability of the research group, the methods employed and the nature of the research itself. For further information on risk levels, please refer to the Levels of Review information on the website: https://www.dcu.ie/researchsupport/researchethics.shtml

Given the research participants will be under in no physically or emotionally strenuous situations we believe there to be no level of risk to research participants

# 3.2 DOES THE RESEARCH INVOLVE:

	YES or NO
<ul><li>use of a questionnaire? (attach copy)?</li></ul>	YES
<ul><li>interviews (attach interview questions)?</li></ul>	YES
<ul> <li>observation of participants without their knowledge?</li> </ul>	NO
<ul> <li>participant observation (provide details in section 2)?</li> </ul>	NO
<ul> <li>audio- or video-taping interviewees or events?</li> </ul>	NO
<ul> <li>access to personal and/or confidential data (including student, patient or client data) without the participant's specific consent?</li> </ul>	NO
<ul> <li>administration of any stimuli, tasks, investigations or procedures which may be experienced by participants as physically or mentally painful, stressful or unpleasant during or after the research process?</li> </ul>	NO
<ul> <li>performance of any acts which might diminish the self-esteem of participants or cause them to experience embarrassment, regret or depression?</li> </ul>	NO
<ul><li>investigation of participants involved in illegal activities?</li></ul>	NO
<ul> <li>procedures that involve deception of participants?</li> </ul>	NO
administration of any substance or agent?	NO
<ul> <li>use of non-treatment of placebo control conditions?</li> </ul>	NO
<ul> <li>collection of body tissues or fluid samples?</li> </ul>	NO
collection and/or testing of DNA samples?	NO
participation in a clinical trial?	NO
<ul> <li>administration of ionising radiation to participants?</li> </ul>	NO

# 3.3 POTENTIAL RISKS TO PARTICIPANTS AND RISK MANAGEMENT PROCEDURES

Identify, as far as possible, all potential risks to participants (physical, psychological, social, legal, economic, etc.), associated with the proposed research. Please explain what risk management procedures will be put in place to minimise these risks.

		N/A	N/A		
--	--	-----	-----	--	--

3.4 ARE THERE LIKELY TO BE ANY BENEFITS (DIRECT OR INDIRECT) TO PARTICIPANTS FROM THIS RESEARCH?

YES	or	NO
NO		

(If YES, provide details.)			

DEALING WITH ADVERSE/UNEXPECTED OUTCOMES  Please describe what measures/protocols you have put in place in the event that there are any unexpected adverse effects to participants arising from involvement in the project.  Given our outcomes are based through questionnaires, all outcomes will be accounted results.  HOW WILL THE CONDUCT OF THE PROJECT BE MONITORED?  Please explain how the supervisor will monitor the conduct of the project (especially where several people are recruiting or interviewing, administering procedures, etc.) to ensure that it conforms with the procedures stapplication  Our supervisor will revise the outcome of our results following the test as well as needed.  SUPPORT FOR PARTICIPANTS  Depending on risks to participants you may need to consider having additional support for participants dured to the support whether your project would require additional support, e.g., external counselling available to Please advise what support will be available.  N/A  DO YOU PROPOSE TO OFFER PAYMENTS OR INCENTIVES TO PARTICIPANTS? YES or NO NO			
	YES or NO NO		

3.10 DO ANY OF THE RESEARCHERS ON THIS PROJECT HAVE A PERSONAL, PHILOSOPHICAL, FINANCIAL OR COMMERCIAL INTEREST IN ITS OUTCOME THAT MIGHT INFLUENCE THE INTEGRITY OF THE RESEARCH, OR BIAS THE CONDUCT OR REPORTING OF THE RESEARCH, OR UNDULY DELAY OR OTHERWISE AFFECT THEIR PUBLICATION?

YES or NO

(If YES, please specify how this conflict of interest will be addressed.)		
4.	CONFIDENTIALITY/ANONYMITY	
4.1	WILL THE IDENTITY OF THE PARTICIPANTS BE PROTECTED?  YES or NO YES	
	(If NO, please explain why.)	
IF YOU	ANSWERED YES TO 4.1, PLEASE ANSWER THE FOLLOWING QUESTIONS:	
4.2	HOW WILL THE ANONYMITY OF THE PARTICIPANTS BE RESPECTED?	
7.2	Please bear in mind that where the sample size is very small, it may be impossible to guarantee anonymity/confidentiality of participant identity. Participants involved in such projects need to be advised of this limitation in the Plain Language Statement/Information Sheet. If you intend to fully anonymize the data, please provide details	
4.3	LEGAL LIMITATIONS TO DATA CONFIDENTIALITY  Participants need to be made aware that confidentiality of information provided cannot always be guaranteed by researchers and can only be protected within the limitations of the law - i.e., it is possible for data to be subject to subpoena, freedom of information claim or mandated reporting by some professions. This information should be included in your Plain Language Statement and Informed Consent Form. Depending on the research proposal and academic discipline, you may need to state additional specific limitations.	
	State how and where participants will be informed of these limitations	
5.	PERSONAL DATA - COMPLIANCE WITH THE GENERAL DATA PROTECTION REGULATION	
from the o	data is data relating to a living individual (i.e. the 'Data Subject') who is, or can be, identified either from the data itself or data in conjunction with other information that is in, or is likely to come into, the possession of the 'Data Controller' (i.e. lits constituent units e.g. research teams etc.). Further information on personal data is available from the DCU Data on Unit at https://www.dcu.ie/ocoo/dp/guides.shtml	

# IS PERSONAL DATA BEING PROCESSED AS PART OF THIS PROJECT? YES or NO 5.1

NO

If YES, Please indicate your compliance with the following guidelines:	Mark here
We confirm that we have read and agree to act in accordance with DCU Data	
Protection Unit guidance and procedures regarding personal data	
We confirm that we have put in place a Personal Data Security Schedule (PDSS) for	
the project and have attached it to this application	

Please see the GDPR and the Research Ethics Process section of the SCEC main webpage for guidance

# IF YOU ANSWERED YES TO 5.1, PLEASE ANSWER THE FOLLOWING QUESTIONS:

5.2	WHAT KIND OF PERSONAL DATA IS BEING PROCESSED?			
	Note special categories of personal data include health data, genetic data and/or data relating to ethnicity/race of participants, their sex lives and/or sexual orientation			
	participants, their sex inves andrer sexual orientation			
5.3	WILL ANONYMISATION/PSEUDONYMISATION OF THE PERSONAL DATA BE UNDERTAKEN?  YES or NO YES			
	(If NO, please explain why.)			
6.	DATA/SAMPLE STORAGE, SECURITY AND DISPOSAL			
For the	purpose of this section, "Data" includes that in a raw or processed state (e.g. interview audiotape, transcript or analysis).			
"Sample	es" include body fluids or tissue samples.			
6.1	HOW AND WHERE WILL THE DATA/SAMPLES BE STORED?			
	Note that the SCEC recommends that all data be stored on campus – please justify any off-site storage.  The data will be stored in an excel sheet of each persons responses to each question on our gitlab account			
6.2	WHO WILL HAVE ACCESS TO DATA/SAMPLES?  If people other than the main researchers have access, please name who they are and explain for what purpose.			
	Our supervisor and correctors of project			
6.3	HOW LONG IS THE DATA TO BE HELD/RETAINED FOR?			
	Note that with very few exceptions personal data may not be retained indefinitely. It is up to the unit or research team to			
	establish an upper retention limit for each category of personal data under its control.  The data will be held until the project is corrected in full			
6.4	IF DATA/SAMPLES ARE TO BE DISPOSED OF, PLEASE EXPLAIN HOW, WHEN AND BY WHOM THIS WILL BE DONE?  Note that simply deleting files is not sufficiently secure. The additional steps to be taken to maintain data security should be given. Personal data must be disposed of in a safe and secure manner at the end of its retention period. If the data is			
	stored in a: a) paper based format then shredding or disposal via a secure bin is recommended; or b) if it is stored in an electronic based format then deletion of the record or full anonymization of the data is recommended. If data/samples are NOT being disposed of, please justify this decision.			
	The excel sheet will be deleted permanently from our gitlab account			

PLAIN LANGUAGE STATEMENT (Attach to this document. Approx. 400 words)

7.

A Plain Language Statement (PLS) should be used in all cases. This is written information in plain language that you will be providing to participants, outlining the nature of their involvement in the project and inviting their participation. The PLS should specifically describe what will be expected of participants, the risks and inconveniences for them, and other information relevant to their involvement. Please note that the language used must reflect the participant age group and corresponding comprehension level – if your participants have different comprehension levels (e.g. both adults and children) then separate forms should be prepared for each group. The PLS can be embedded in an email to which an online survey is attached, or handed/sent to individuals in advance of their consent being sought. See link to sample templates on the website:

https://www.dcu.ie/researchsupport/ethicsapproval.shtml

# PLEASE CONFIRM WHETHER THE FOLLOWING ISSUES HAVE BEEN ADDRESSED IN YOUR PLAIN LANGUAGE STATEMENT/ INFORMATION SHEET FOR PARTICIPANTS:

	YES or NO
Introductory Statement (Supervisor and student names, school, title of the research)	YES
What is this research about?	YES
Why is this research being conducted?	YES
What will happen if the person decides to participate in the research study?	YES
How will their privacy be protected?	YES
How will the data be used and subsequently disposed of?	YES
What are the legal limitations to data confidentiality?	YES
What are the benefits of taking part in the research study (if any)?	YES
What are the risks of taking part in the research study?	YES
Confirmation that participants can change their mind at any stage and withdraw from the	YES
study	
How will participants find out what happens with the project?	YES
Contact details for further information (including SCEC contact details)	YES
Details relating to GDPR Compliance if Personal Data is being sought	YES

If any of these issues are marked NO, please justify their exclusion	o <mark>n:</mark>

# 8. INFORMED CONSENT FORM (Attach to this document. Approx. 300 words)

In most cases where interviews or focus groups are taking place, an Informed Consent Form is required. This is an important document requiring participants to indicate their consent to participate in the study, and give their signature. If your participants are minors (under 18), it is best practice to provide them with an assent form, while their parents/guardians will be given the Informed Consent Form. In cases where an anonymous questionnaire is being used, it is enough to include a tick box in the questionnaire (underneath the information section for participant), where participants can indicate their consent.

See link to sample templates on the website: https://www.dcu.ie/researchsupport/ethicsapproval.shtml

NB - IF AN INFORMED CONSENT FORM IS NOT BEING USED, THE REASON FO	R THIS MUST BE JUSTIFIED HERE

#### **SECTION 7 PLAIN LANGUAGE STATEMENT**

The project title is SmartCity, developed by Conor Reilly, Eoin Clayton and supervisor is Alistair Sutherland from DCU School of Computing. The research to be conducted is based around the mobile application we have developed as part of our final year project. The research is to help us better understand the functionality and usability of our application to many different users. We intend to use fake identifications and will not use any real credentials for each person involved in our research. Our research will compromise of a user test experience followed by a survey and interview relating to the application. There will be no risks or benefits to the participants in this research. Participants can withdraw from the research at any stage and they will be removed from the database. We will notify the participants upon completion of the project via email. All GDPR rules will be complied.

#### **SECTION 8 PLAIN LANGUAGE STATEMENT**

Our survey and interview invitation will include an informed consent form which will allow users to consent to our results being shared in aid of our project or choose not to have their results displayed to us.
